Dear Ms. Hesse

I am writing to you today to voice my support for the proposed settlement that has been reached between Microsoft and the Department of Justice. The remedies proposed in the settlement are adequate and they fairly address the issues raised in the lawsuit.

The impact of Microsoft's donations to the Latino community in the past is indisputable. They have demonstrated their commitment to bridging the technology gap, which impacts the future of so many children in the Latino community.

As a School Board Member, and as someone who cares deeply about our community and the children and families we serve, I want to express my full support for the proposed settlement and urge you to do everything possible to ensure its implementation.

Respectfully,

Hector A. Chacon
